Adhesives, Specialty Films & Seam Tape

FOR IMMEDIATE RELEASE

Bemis Associates Inc., USA, Has Performed a bluesign® Audit

DATE: January 5, 2011

Shirley, MA - Bemis is now a bluesign system partner and is committed to meeting the high criteria of the bluesign® standard. Bemis utilizes the bluesign® standard to manage its environment, health and safety issues. Bemis is part of the bluesign network that tries to manage and solve the critical EHS issues in textile manufacturing

The bluesign® standard creates transparency along the entire textile manufacturing chain providing tangible solutions and practical tools, without compromising functionality, quality or design. With a sophisticated input stream management all input streams are assessed based on their ecotoxicological impact with a particular focus on resource productivity, consumer safety, air emission, water emission and occupational health and safety. Potentially harmful substances are eliminated before production even begins yielding products that contain only components and pass through processes that are safe for humans and the environment according to "Best Available Technology".

For more information visit www.bluesign.com.
