Are you ready to take
your business to
the **CLOUD**?

Unleash the power of Cloud Computing!

What is WFX ERP On-Demand?

WFX ERP On-Demand is the world's first Enterprise Resource Planning software (ERP) exclusively for the Fashion Industry, On-Demand. This software manages the entire fashion product lifecycle, from order management to billing, and from production planning to inventory control. WFX plans your resources efficiently, within budget and across all offices & locations.

Over 300 fashion companies around the world use WFX to run their business better.

Why On-Demand?

We believe software should be easy. You shouldn't have to worry about the headaches of managing an ERP, and with On-Demand, you don't have to!

On-Demand means you have no software to buy, or hardware to setup, no installation and no maintenance fees. WFX handles everything. Users can access the software from anywhere through the internet, just like gmail or hotmail. It's that easy!

WFX's affordable subscription-based pricing includes
