

Beyond Tradition

OUR MISSION AND VISION

Sulindafin is committed to a growth strategy that revolves around superior quality, reliability and competitive prices. Our success has been the result of retaining the best talent, utilizing the finest equipment and maintaining a high standard of service.

While growth has demanded many changes from us, one thing has remained consistent - our commitment to our customers.

PERFECT BLEND OF HUMAN INGENUITY AND CURRENT TECHNOLOGY

At Sulindafin, turning out products of premium quality is inextricably linked to a combination of an effective workforce and current technology.

CUTTING-EDGE TECHNOLOGY

Through a continuous process of reinvestment, we draw on the latest technologies from world leading engineering companies like Zimmer, Reiter Scrag & Barmag of Europe as well as Teijin Seiki & Murata of Japan. The utilization of such sophisticated equipment coupled with stringent quality control measures ensures our adherence to international quality standards.

DEDICATED WORKFORCE

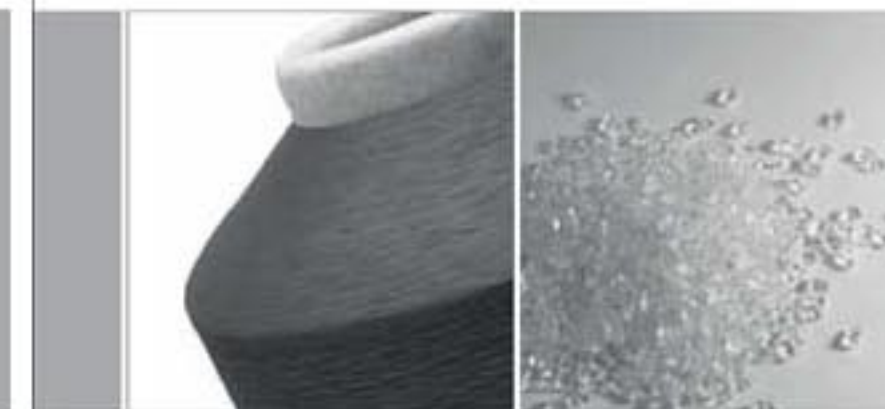

We pride ourselves on being rich in human capital, with an experienced and well-trained 2500 strong workforce that embodies our passion for excellence.

SPINNING SUCCESS THROUGH INNOVATION AND EXCELLENCE

An ISO 9001 certified company, Sulindafin pioneered the manufacture of polyester POY in Indonesia in 1978. Since our founding, we have been at the forefront of Indonesia's Polyester and Nylon industry and have established ourselves as a key player in the global marketplace.

To better meet the demands of a rapidly evolving industry, we continue to push the limits of excellence, leading the way through innovation. It is this focus that allows us to stay ahead of competition and to keep pace with our customers' requirements.

SUPERIOR PRODUCT LINES

Our state-of-the-art manufacturing facilities produce up to 80,000 tons of a wide range of polyester polymer each year. We also produce a comprehensive variety of specialty and performance yarns which features, among others, our exclusive SULSUITE® Collection.

SPECIALTY & PERFORMANCE YARNS

- **SULSUITE® Collection**
 - SULCOOL® - Moisture Absorbent
 - SULNATURAL® - Natural Feel
 - SULSHIELD® - Flame Retardant
 - SULGUARD® - Anti-Bacterial
- **Specialty Yarns**
 - Micro-filament Yarns
 - Bi-shrinkage Yarns
 - Nep Yarns
 - Cationic Yarns
 - Mixed Yarns - Polyester and Nylon

TRADITIONAL RANGE

- **Polyester**
 - Partially Oriented Yarns
 - Draw Textured Yarns
 - Flat Filament Yarns
 - Staple Fiber (including dope dyed colored)
 - Textile Grade Chips
- **Nylon 6**
 - Textured Yarns
 - Flat Filament Yarns (Mono & Multi-Filament)

Our sister company, Sulindamills, one of Indonesia's leading spinning mills, adds greater diversity to our product range with the following:

- **Ring Spun Yarns**
 - 100% Polyester
 - 100% Cotton
 - 100% Viscose
 - Polyester - Cotton (TC)
 - Polyester - Viscose (TR)

ESTABLISHING A GLOBAL PRESENCE

Our export markets span the globe and when it comes to meeting the specific needs of each of our valued customers, we strive to deliver.
